PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in JavaScript (ES6+), React.js, HTML5, and CSS3. Skilled in building responsive, component-based user interfaces and managing application state using React hooks. Experienced in integrating REST APIs to fetch and display dynamic data within web applications. Motivated to contribute to real-world, production-level projects in an entry-level Frontend Developer role.

TECHNICAL SKILLS

REACT JS | CSS | JAVASCRIPT | HTML | GITHUB | REST API | FIGMA

INTERNSHIP

Full Stack Developer Intern **Brand Infotech (onsite)** April 2025

- Worked on web applications using front-end and back-end technologies, including UI design, APIs, and database management.
- Improved coding, problem-solving, and teamwork skills while contributing to real projects.

PROJECTS

1. Personal Portfolio Website

Designed and developed a responsive personal portfolio website using HTML5, CSS3, and JavaScript to showcase technical skills, education, projects, and professional profiles with a user-friendly interface.

2. Weather Dashboard

Developed a responsive Weather Dashboard using React.js and REST API integration to fetch, process, and dynamically display city-based weather information through an interactive and user-friendly interface.

3. Expense Tracker

Developed an Expense Tracker using JavaScript and Local Storage to record, calculate, and manage personal expenses with persistent data storage and a simple, responsive user interface.
